Access 2007: The Missing Manual [Book] - O'Reilly Media

I got Access 2007: The Missing Manual mainly because I wanted to know how to create forms using Access. I had enough familiarity with the Access and Excel to create basic databases but I remember creating forms using the older version of Access to be quite difficult, probably made more difficult by the fact that I had inherited the forms and was trying to fix them.

E-Books Library: Access 2007: The Missing Manual

This is a fairly comprehensive Access 2007 manual. However, it could be more concise. For example, "They [action queries] commit changes (usually to multiple records), and once you've applied the changes, you can't reverse them" could have been simply "action queries make irreversible changes to table data".
