Adolescent Health Working Group - Advancing the Health of ...

There is an art to leading groups with adolescents, and Drs. Janice DeLucia-Waack and Allen Segrist have clearly mastered it. Beginning by discussing the fundamentals of psychoeducational groups with teens, DeLucia-Waack and Segrist go on to masterfully demonstrate how to design a group to address cognitive, affective, and behavioral skills

that nearly all adolescents can benefit from.

Leading Groups with Adolescents

Drug-abusing and addicted adolescents have unique treatment needs. Research has shown that treatments designed for and tested in adult populations often need to be modified to be effective in adolescents. Family involvement is a particularly important component for interventions targeting youth. Below are examples of behavioral interventions that employ these principles and have shown efficacy ...
