Description The Keysight 438A power meter is a dual-channel power meter designed specifically for ATE systems. The compact front panel saves critical rack space, while the dual-channel design allows simple and accurate measurements of the ratio and difference of power levels from two separate sensors.

438A Dual Sensor Power Meter [Obsolete] | Keysight

The 437B and 438A power meters operate with the Agilent 8480 series of power sensors, measur-ing signals from 100 kHz to 110 GHz. The EPM series also works with the entire range of 8480 series sensors and with the new Agilent E-series power sensors. The E-series sensors cannot be used with 437B or 438A power meters.
