Goals are the basis of an effective performance management process. There are two key elements to consider when developing goals. First, are goals written clearly and objectively?

## 10 Ways to Improve the Performance Management Process

Performance measurement and performance management may sound similar, but while they are complementary to one another, they are entirely separate strategic practices. The Balanced Scorecard creators, Drs. Robert S. Kaplan and David P. Norton, played a large role in championing these terms. In 1996, Kaplan and Norton published The Balanced Scorecard: Translating Strategy into Action.

### **Performance Measurement Vs. Performance Management**

Performance measurement is a process by which an organization monitors important aspects of its programs, systems, and core processes. Data is collected to reflect how its processes are working, and that information is used to drive an organization's decisions over time.
