Whether it's caused by shoplifting, employee theft, or another reason, inventory shrinkage represents a \$100 billion annual loss for retailers worldwide. That's a big problem. For most retailers, those losses account for just under 1.8% of sales, but for fashion and accessories retailers, the shrinkage rate can reach as high as 2.43%.

### Loss Prevention: 4 Types of Retail Shrinkage and How to ...

How can you improve retail security and loss prevention in your business? Security is one of the major threats retail stores face nowadays.That's why it is necessary to have an efficient plan in place not only to prevent crime in your retail store but to keep your customers and employees safe as well. Here are some of the most basic things you can do to ensure security in your retail store: - Avoid having a lone worker at any given time

### Improve Retail Security and Loss Prevention Solutions

Since retail loss prevention is geared towards the elimination of preventable loss and the bulk of preventable loss in retail is caused by deliberate human activity, traditional approaches to retail loss prevention have been through visible security measures matched with technology such as CCTV and electronic sensor barriers. Most companies take this traditional approach by either having their own in-house loss prevention team or using external security agencies.
