As a healing practice shamanism is very powerful, as the healing is tailored to the individual. Unlike western medicine that seeks to find a cure for many, the shaman provides unique treatment, which holistically addresses what a person needs at this time. Though this is a brief outline, as the scope of shamanism is too great to cover in this space.

Shaman Healing. The shaman is a man or a woman who is able to intentionally 're-geography' the focused concentration of their conscious awareness, transferring it into the normally invisible worlds of 'things hidden' that surround us everywhere and all the time. These are those same transpersonal realms that the traditional peoples call the 'spirit worlds', the 'dreamtime,' the 'other worlds,' or simply 'the sacred'.
