Joyce Rothschild, Virginia Tech | ICOS

The prime reason to cooperate in a working environment is to achieve synergy. Achieving this is only possible when the management allows staff
members to work their best at their own level. Taking time to understanding the employees and their behavior toward their reporting line helps create this synergy in a work area.

**Importance of Cooperation in the Workplace | Bizfluent**

Types of Cooperative Society 1]
Producer Cooperative. To protect the interest of small producers, these societies are set up. The co-operative society members may be farmers, landowners, owners of the fishing operations. To increase the marketing possibilities and production efficiency, producers decide to work together or as separate entities.
